Job about: HTML5, CSS, Responsive Design, WORDPRESS, WOO Commerce, Basic Core PHP, MYSQL, Wordpress Theme Development & Photoshop.

1. Classic Display System ERP (CDS ERP)

About : Classic Display System is a manufacturing unit, they manufacture display boards for brands like ho-dings, advertisement, standee, brand awareness stuff etc. In a San software as software developer i had create a ERP system for them by which they can manage total workflow for there business. They are managing from lead to production to delivery.

Modules : Lead, Sale Order, BOM, PO, Purchase, Gate Entry, Store Issue & Return, Production, Challan, Invoice, Logistics Bills, Reports Etc.

URL : classicdisplay.in

Platform: CodeIgniter, Mysql

2. SanGST

About : SanGST is a product of san software where customer can manage there full accounting. SanGST is some thing like Tally. This is total accounting software.

Modules : Sale Order, Invoice, Invoice Return, PO, Purchase, Purchase Return, Challan, Challan Return, Ledger, Profit and Loss, Balance Sheet, Inventory Management.

URL : www.sangst.com

Platform: CodeIgniter, Mysql

3. SanDND

About : **SanDND** is a product of san software where customer can check filter list of phone number to check DND is active or not. This is challenging software for me because i have 50 Crore of number to store in a database.

URL : dnd.sanssoftwares.com

Platform: CorePHP, Mysql, MongoDB

4. Mercedes Dealer Portal - Mercedes is doing survey for sales and after sales process where they ask question with there customer to track the performance of there dealer. On the basis of the answer we had created many report in graphical format using canvas js chart. We had created line chart, pie chart, trend chart, MSI reports etc. (Core PHP, MSSQL)

5. BMW Benefit Policy Portal - We had created a portal for BMW (Allianz), where dealer can login and recharge there wallet and then they can issue policy to BMW car owners by using there wallet money. (Core PHP, MSSQL).

Many more software i had developed in given timeline. I had also created a eCommerce website in Codeigniter, Woo commerce. I have also good knowledge of HTML, CSS, JQuery, Ajax, Wordpress.

I have also handy experience on wordpress, i had developed more than 50 websites in my previous companies.
